

ACTION TAKEN REPORT ON CURRICULUM FEEDBACK (2020-21)

- On analysing the curriculum feedback given by the students, the suggestions regarding skill-based courses were considered. Accordingly, the institution applied for B.Voc. courses to UGC. Six courses were sanctioned by UGC in 2020-21. For further approval the proposal was submitted to the affiliating university.

The courses sanctioned were:

1. Fisheries and Aquaculture
 2. Industrial Waste Management
 3. Sericulture
 4. Industrial Microbiology
 5. Organic Farming
 6. Information Technology
- On suggestions regarding the curriculum not being self-employment generating, skill-based add-on courses for entrepreneurship development were conducted. These include add-on courses like Mushroom cultivation, Sericulture, etc.
 - The suggestions regarding the curriculum not being job-oriented were also addressed. The CDC approved the proposal to apply for courses like BCA, B.Sc. (IT) and M.Sc. Computer Science.
