

6.5.1: Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes. It reviews teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities.

Evidence files of some events have been provided here:

In all these five years, many activities were conducted to meet the present day and changing requirements. The broad areas include:

1. Curricular, co-curricular activities, and quality enhancement
2. Social service, outreach, and community development
3. Women empowerment
4. Environment consciousness
5. Welfare activities for teaching and non-teaching staff

1. Curricular, co-curricular activities and quality enhancement:

IQAC has taken initiatives to increase various programmes at UG, PG and research. The updation of laboratories, procurement of new instruments, chemicals, increase in the ICT facilities, theme-based lectures, seminars, workshops, number of research activities, encouragement for participation in FDP, etc. as per the need of time are some of the examples of academic achievements.

The research articles are available at the links given below:

Research papers in journals <https://mohotasci.edu.in/research/>

Research articles in proceedings <https://mohotasci.edu.in/papers-published-in-national-international-conference-proceedings-2017-22/>

Books and chapters <https://mohotasci.edu.in/books-and-chapters-in-edited-volumes-books-published-during-2017-22/>

For professional development of the students, programmes on IPR, plagiarism, campus recruitment training, careers, psychological counselling, etc. were conducted.

IQAC has also motivated the students to excel in many sports events and cultural events at various levels.

Multi-skill development programme is conducted every year with an aim to develop skills of the students beyond the four walls of the classroom. These programmes include various topics like mushroom cultivation, PCB designing, webpage designing, etc.

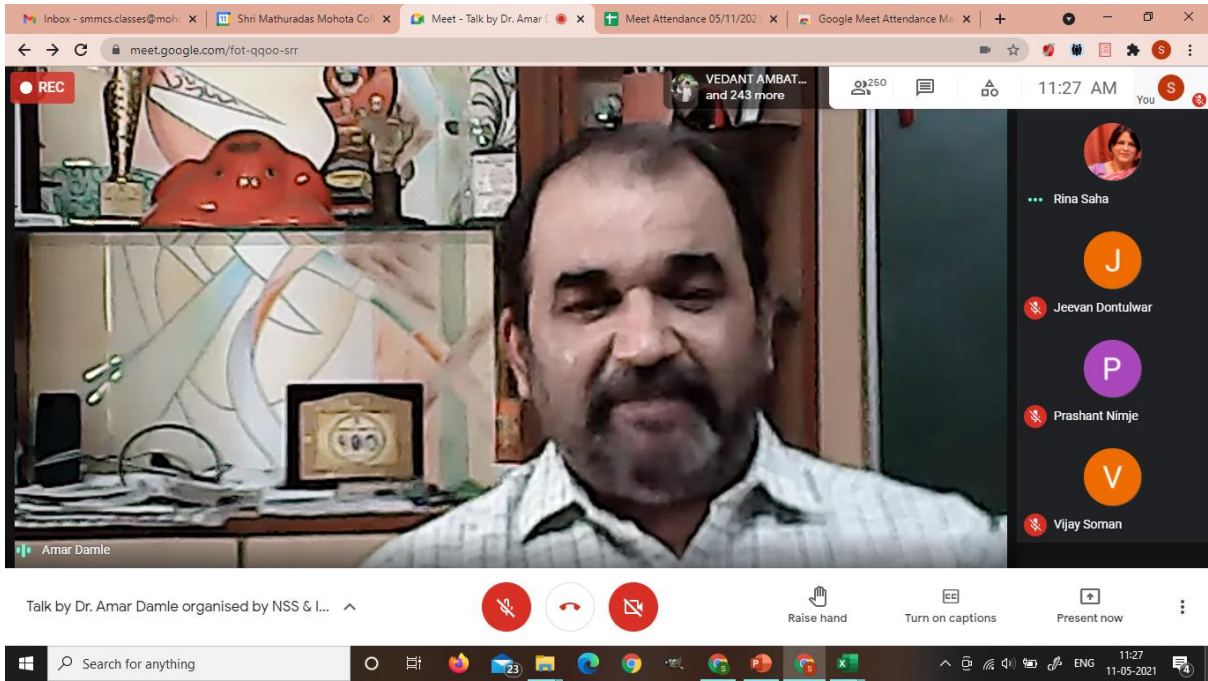

Some of the representative photographs are shown below.

Dr Rina Saha IQAC Coordinator,
S.M. Mohota College of Science,
Nagpur

Greetings from Nagpur Obstetrics and Gynecological Society!!

As a socio- academic organization , we are actively involved in several public awareness activities.

Navratri is a celebration of Goddess Durga for 9 days. She is an embodiment of power, strength, courage, love and everything that a complete woman should be.

This year in Navratri, we have planned several online life skill activities for your young girls student as a part of our social responsibilities and public awareness module. It will be a '9 Days – 9 Skills' Durgotsav.

We shall share the links of these online webinars with you.

We request you to please enroll your students for our Navratri Durgotsav and enjoy various interesting and much needed life skill sessions ranging from menstrual hygiene , Balancing relationships, NO means NO, combating depression. Grooming , leadership , spiritual awakening to self defense.

As we are aware that every year your college has been organizing Short Term Programm on Women's Reproductive Health and Hygiene , this year we wish to collaborate as a joint activity under the aegis of IQAC and request to coordinate with Cluster of your colleges.

Looking forward to your active participation.

Thank you!

Dr Vaidehi Marathe

4. Environment Consciousness programmes:

Talk during Butterfly Week by Mr. Shubham Chhapekar

World Environment Talk by Ms. Surbhi Jaiswal

Acknowledgement of Poster competition and talk by UN on official webpage

S M Mohota College of Science

Kaustav Chatterjee delivering a lecture at the programme while others look on.

THE Environment Cell of Shri Mathuradas Mohota College of Science organised a guest lecture by Kaustav Chatterjee, Founder of Green Vigil Foundation recently. Team lead Surbhi Jaiswal, Sheetal Choudhary and Mehul Kosurkar were prominently present from the foundation. Chatterjee delivered a talk highlighting the threats faced by environment, the scenario of environment in Nagpur city and the efforts taken towards its protection. The talk was attended by students of BSc. An interactive session was also organised. The programme was conducted by BSc Semester III students Ruchika Bulkunde and Tejas Dharmale, while Sonali Dhobale proposed a vote of thanks. Dr Jitendra Ramteke, Officiating Principal and Dr Rina Saha, Vice-Principal graced the occasion. Dr Uma Sonparote, Co-ordinator, Environment Cell and Shamali Khalatkar worked hard for success of the event.

Talk by Mr. Kaustav Chatterjee on environment awareness

5. Welfare of Teaching and non-teaching through FDP:

Talk on RTI Act

Faculty development programme (computer literacy course) for non-teaching staff

Faculty development programme for teaching staff
