## REPORT

PCR is a machine called thermal cycle essential tool in any modern Molecular Biology laboratory use to amplify fragments of DNA required in various experiments to understand phylogenetic of organisms, cloning technology in recombination of DNA molecules, forensic science, secondary metabolites production, drug designing, protein engineering etc.

Looking into the importance of use PCR in contemporary sciences and to give first hand training to practice on purchased new PCR in the Department of Botany of the college workshops was organized to train students and the teachers.

In collaboration with HiMedia Mumbai workshop was organized, expert from Mumbai HiMedia "kavita.khadke" and M. S. S. Singh HiMedia Nagpur come to department on Dated 25/11/2017

**Collaborative agency** provided technical and material support required for workshop. Experts provided detail theoretical background information on various aspects of working of PCR and later on experimentally demonstrated how to amplify DNA and participants carried out preparation of required reagents used during amplification of DNA. Students were successfully able to demonstrated amplification is carried out by PCR machine by running Gel Electrophoresis to visualize amplified products.

Outcome: This seminar not only provided participants to gain knowledge about amplification of DNA but practical training provided them to learn how to use PCR machines manual of PCR working and detail procedure distributed to participant.

Invitation

<p><b>ONE DAY</b> <b>COLLEGE LEVEL SYMPOSIUM</b> ON <b>Luminating Enhancements in</b> <b>Digital Electronics</b> (LED-E-18)</p> <p>Department of Electronics, Shri Mathuradas Mohota college of Science, Nagpur appeals for your valuable sponsorship and contribution for one day college level symposium on "Luminating Enhancements in Digital Electronics" for students to be organized on 10<sup>th</sup> August 2018.</p> <p>Your contributions and participation will help us to achieve our objectives better. It would be our privilege to make all necessary arrangements for the students to make their presence comfortable and memorable.</p> <p><b>SYMPOSIUM OVERVIEW</b></p> <p>Electronic Science is the technology concerned with the development, behavior and applications of electronic devices and circuits in our day to day life. Without Electronics, it's difficult to lead a happy and prosperous life right from kitchen to Mobile Communication, so on and so forth. The said symposium intends to facilitate the students of Electronics, Physics and computer science to understand and interact with the invited guests of basic Electronics. This is the step towards the advancements and developments emerging in the field of Electronic, communications, LED's and Microcontrollers. The symposium also wishes to provide a platform for the students of B.Sc. to get into interaction with the guest in fundamentals of Electronics.</p>	<p><b>OUR MISSION:</b></p> <p>To make acquainted with the basics of Electronics exclusively to all B.Sc. Electronics students. That they can be familiar with Fundamentals of Electronics and priority areas of future research communications, LED's and Microcontrollers systems also to provide the platform for the students to interchange their ideas with the resource person on the said topics of Electronics.</p> <p><b>FOR WHOM:</b></p> <p>This symposium is basically for all the B.Sc. students who are directly or indirectly concerned with Electronics people. Specially, All B.sc., M.Sc., Electronics, Physics and Computer Science Students of our College.</p> <p><b>OUR FAMILY</b></p> <p>Including Department of Electronics, our family also includes,</p> <ol style="list-style-type: none"><li>1. Department of Physics.</li><li>2. Department of Computer Science.</li><li>3. Department of Maths.</li></ol> <p><b>THEMES OF THE SYMPOSIUM</b></p> <ol style="list-style-type: none"><li>1. Scope of Electronics</li><li>2. LED's in Electronics</li><li>3. Microprocessor's</li><li>4. Microcontrollers</li><li>5. Communications</li></ol> <p><b>REGISTRATION FEES.</b></p> <p>For students (only) Rs, 300/-</p>	<p><b>INVITATION</b></p>  <p><b>ONE DAY</b> <b>COLLEGE LEVEL SYMPOSIUM</b> ON <b>"LUMINATING ENHANCEMENTS</b> <b>IN DIGITAL ELECTRONICS-18"</b> (LED-E-18)</p> <p>Dear Sir,</p> <p>We, the Department of Electronics, invite you to be with us to attend the one day symposium on "Luminating Enhancements in Digital Electronics-18" which we are happily present to you on Friday the 10<sup>th</sup> of August 2018.</p> <p>Venue:-Room no. - 3 SMMCS, Nagpur</p> <p>Inauguration Function 09:30 a.m.</p> <p>Be Sure to come to oblige Us.....</p>

## REPORT

One day symposium "Luminating Enhancements in Digital Electronics - 2018" (LED-E-18) was organized by Dept. of Electronics, Shri. Mathuradas Mohota College of Science, Nagpur, exclusively for the B. Sc. and M.Sc. Students on 10th of ~~AUG~~ 2018. *WAT*

Students from various colleges had registered their names for the Symposia and also attended the sessions. Dr. S. J. Sharma, Head, Dept. of Electronics, RTM Nagpur University, Nagpur, were present as the Chief Guest; Shri. Ramesh Khanzode, Vice-President, NSM, Nagpur, graced the function as Guest of Honour. Chairman LED-E-18 Dr. Mrs. Rina Saha, Vice-Principal, S. M. Mohota College presided over the function, Convenor Dr. N. D. Meshram presented the theme of the function & introduced the Chief Guest of the function. Co-ordinator LED-E-18, Dr. S. G. Goswami, Associate Professor, Dept. of Physics, was also present on the dais. Ku. Surshti Rindhe & Mr. Aditya Dahake conducted the Inaugural Proceedings.

Keynote Address Mr. Rahul Badge delivering a talk on "Microcontroller & Robotics", presented the Keynote address on that enthralled the students. The talk was so informative for the students since it was delivered in basic manner to be easily grasped by the students. Dr. M.G. Dhonde, Head & Associate Professor, Dept of Chemistry, Chaired the session. Mrs. Tutu Sengupta, Sr. Scientist, Remote Sensing Department, Nagpur, gave the second Invited Talk on the topic "Satellite Communications in Electronics". She also explained various technicalities of Electronics used in satellite communication. Dr. S. K. Giri, Associate Professor, Dept of Botany, Chaired the session.

Prof. S. J. Dhoble, Professor, Dept. of Physics, RTM Nagpur Univeristy, Nagpur, gave the last Invited Talk on the topic "LED's & its Applications". He also explained various simple methods to implement and execute various LED fabrications. Dr. M. B. Bhagat, Associate Professor, Dept of Geology, Chaired the session. In the last part of the Symposia, in Valedictory Function Prof. S. J. Dhoble, Professor, Dept. of Physics, RTM Nagpur Univeristy, Nagpur were chief Guest.

Chairman LED-E-18. Dr. Mrs. Rina Saha, Vice-Principal, Dr. M. S. Atone, Chairman, LED-E-18, Co-ordinator Dr. S. G. Goswami and Convenor Dr. Nilesh Meshram were also present on the dais. Prof. S. J. Dhoble, presented prizes to the students in various competitions conducted by the Electronics Society during. Prof. S. J. Dhoble, appreciated the consistent

efforts taken by the students in organizing such a big symposia. He also asked the students not to compare & complaint situations but to face them very positively. He declared the grand success of the symposium by encouraging & blessing the committee members. Dr. S. G. Goswami, addressed the students not only to educate themselves but to grow in social environment also. They should take care that nobody would be hurt by their deeds in the fronts of their life. He concluded with a best luck to students for their exams. Dr. M. S. Atone appreciated the pains taken by Dr. Nilesh Meshram for the grand success of the symposia.

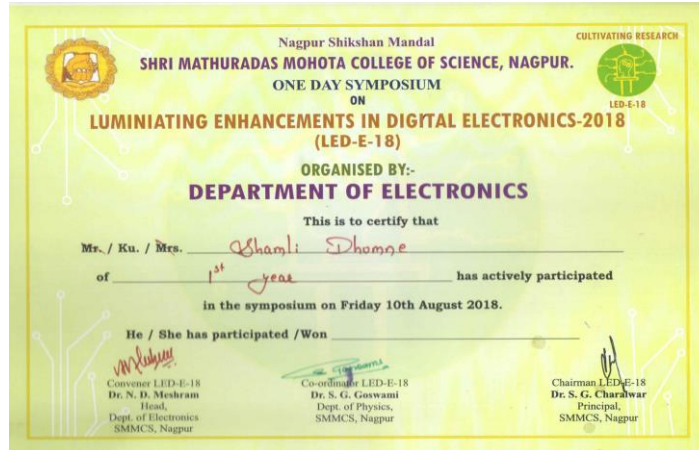

Ku Harshada Chandanbawane gave the vote of Thanks. The best part of the symposium was that everything including the financial affairs were arranged by the students. The society bearers of Electronics Society took lots of pain to make the event a grand success.

# Training workshop on Self Defence by International Experts

**'Training Workshop on Self Defence by International Experts' – A step towards Woman Empowerment.**

**Date of Event: 13th January and 14th January 2020**

IQAC of S. M. Mohota College of Science organized WOMEN EMPOWERMENT BY SELF DEFENCE event in association with Vidya veda foundation and Esession foundation Australia as "limitless potential workshop" for education, training, awareness raising, building self-confidence, expansion of choices, amongst girls of the college and students of colleges of neighbourhood to give an opportunity to develop critical thinking skills, respect their instincts and cultivate assertiveness.

Dr. Ajitha Naidu Sugnanam, Managing Trustee of Esession Foundation, General Dentist at Royal Australian Air Force, Speaker and Goal Setting Coach was workshop Coordinator and Dr Rina Saha Vice Principal and IQAC coordinator was convener of the workshop.

Workshop offered vital hands-on training to build awareness and develop effective, assertive assault prevention techniques. The training was of great help to strengthen girls and women against surrounding violence. Students were benefitted of exposure to fundamental self-defence techniques from highly skilled martial arts experts Mr. David Flood Self Defense Instructor, from Australia and Mr. Sully Luepke Physical Training Instructor, from USA. Ms. Kate McCambley Nutritionist, USA emphasized on Educating the benefits of physical strength and exercise with proper balanced nutrition. Ms Ankita Saha Team building Professional & Graphic designer had come from Delhi to coordinate with the International resource persons and four team leaders of college Dr Archana Sawane, Ms Shamli Khalatkar, Dr Vaishali Badiye and Dr Vaishali Ramgunde.

President of Nagpur Shikshan Mandal, Shri A.K. Gandhi appreciated the theme for instilling a sense of fearlessness and enhancing mental strength among the girls as violence against girl students has been very common in every street of both rural and urban setting nowadays.

An online lecture on “Introduction to Intellectual Property Management”, was organized by Internal Quality Assurance Cell of Shri Mathuradas Mohota College of Science, Nagpur. Dr. Pankaj Borkar, an expert in IPR was the speaker. He is the faculty at RGNIIIPM Nagpur, Ministry of Commerce & Industry Government of India. In his 1 hour lecture he discussed the following points:

- what is IPR?
- importance of IPR
- types of IPR
- how to file patents
- patent filling trends in India and other countries
- procedures for patenting
- websites for online easily available information
- various forms of IPRs like patents, copyrights, trademarks and designs
- what is innovation index
- design rights
- 99% patents due to modifications
- do's and don'ts for researchers

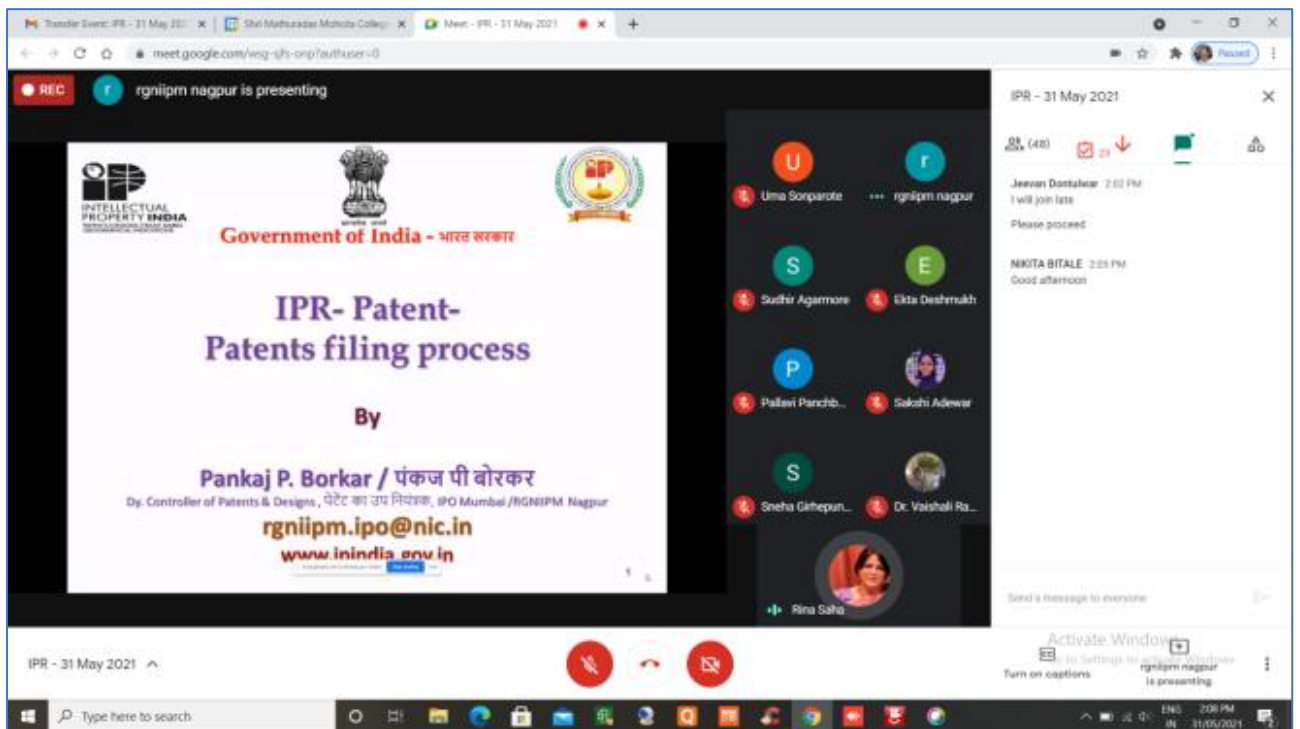

About 125 participants joined the meeting. It was a very informative and useful lecture for the staff and students. At the end of the lecture some faculties asked questions to Dr. Borkar and their queries were satisfied.

Management of the college, Dr. J. R. Dontulwar, Principal, Dr. R. S. Saha – Vice Principal and IQAC Coordinator guided the organizing committee for the success of the function. The lecture was organized by Dr. Vijay V. Soman and it was conducted by Dr. Vaishali Ramgunde.

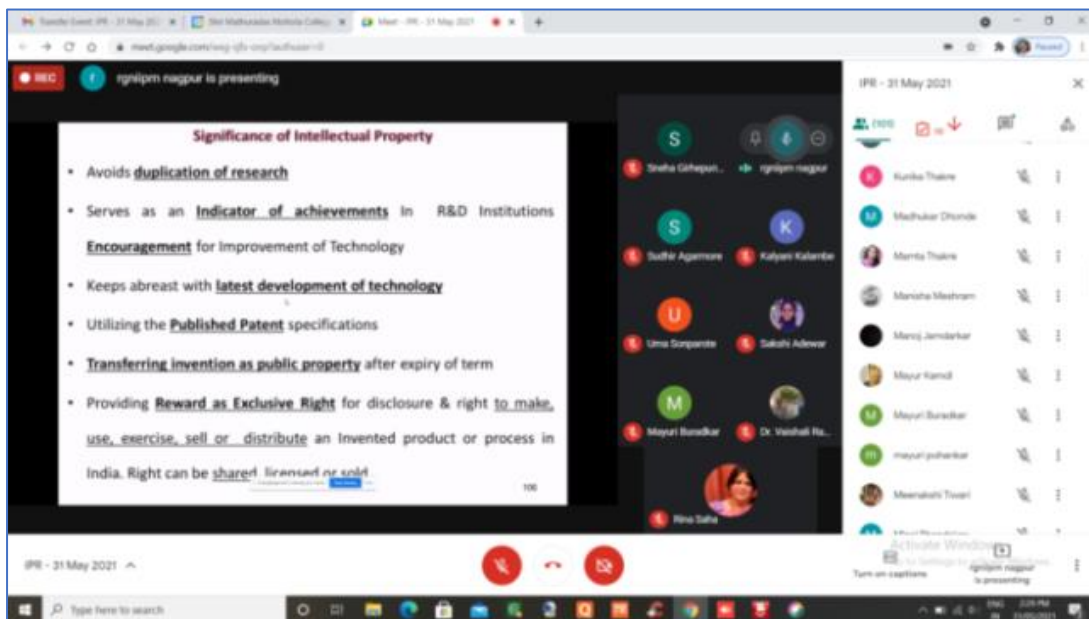

82 participants provided the feedback and expressed that such talks are very much useful and should be arranged regularly.

### REPORT

A lecture on Intellectual Property Rights - Patents and Design was organized on 08.10.2021 at 2.00 PM in an online way on Google platform at the following link:

<https://meet.google.com/cri-yvye-ewj>

The speaker was Mrs. Pooja Maulikar, a faculty at Rajiv Gandhi National Institute of Intellectual Property Management (RGNIIPM) Nagpur. It is an institution of Ministry of Commerce & Industry Government of India.

In this 1 hour lecture she explained the following issues:

- IPR is the legal right given to the inventor or creator to protect his invention or creation for a certain period of time.
- These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time.
- The laws and administrative procedures relating to IPR
- Types of Intellectual Properties and their Description
- Indian Patent Act 1970
- R&D institutions and other agencies dealing with IPR
- How to file a patent
- patent filling in India
- procedures for patenting
- Role of RGNIIPM

66 participants joined the meeting. It was a very informative and useful lecture for the staff and research students. At the end of the lecture some faculties asked questions to Mrs. Pooja Maulikar and their queries were well satisfied.

The lecture was organized and conducted by Dr. Mrs. R. R. Gupta and Ms. Shamali Khalatkar proposed a vote of thanks.
