Science Model Exhibition Beats -2020

The mission of this competition is to give students a platform to apply their scientific knowledge and produce the finest inventions possible. Students can collaborate in groups and gain knowledge from one another through this form of competition. On this platform, they may communicate their ideas and unite them to achieve something creative. For model creation, students employed the principles of the scientific methods, which will help to foster the growth of numerous abilities such as critical thinking, problem-solving, time management, communication, etc. Dr. A.A. Fulzele, Dr. P.U. Gajbe, Mr. Paritosh Bobde, and Mr. Prashant Nimje were teacher in-charges of this competition. Ms. Chanakshi Wade and Revati Naik were student organizers. A total of 15 participants participated in this competition.

Fashion Show – Beats 2020

A fashion show is a collection of imaginative concepts, including the ramp, lighting, and décor as well as the models' outfits. The students' community can come together through college fashion shows, which are also a lot of fun and interesting for everyone to attend. A fashion show is a presentation that conveys and exemplifies a fashion narrative. The theme given for this competition was Retro versus Modern Fashion style. Retro style is imitative or consciously derivative of lifestyles, trends, or art forms from history, while modern fashion is totally different from retro style. Dr E.B. Raut, Ms. Shamli Khalatkar, Dr. Vaishali Badiye, Mr. Paritosh Bobde, Ms. Lavina Dhanjani, Ms. Ashita Jaiswal were the teacher in-charges of the competition. Ms. Mansi Dukare and Ms. Vaishnavi Lande were student organizers. A total of 24 participants participated in this competition.
